finish // Posi-Thread™ battery door

AS SIMPLE AS MEAT ON FIRE.

Lightweight and small enough to fit in a shirt pocket, the Sport® 850 packs a monster dose of accuracy and is as easy to use as a laser rangefinder can be. Its compact dimensions and handy vertical configuration make it a favorite with bow and gun hunters alike. Instantly, with the tap of a single button, you know the exact distance to your target from 5 to 850 yards. And bright, crystal-clear optics get you on game with speed, even in low light. Our Sport 450 is also an extremely popular choice, delivering hairsplitting precision at a price most hunters can afford. For long-term dependability, both the Sport 850 and Sport 450 feature rugged, rainproof housings.
