

# Xtend & Climb™ Trade Ladder

The **Xtend & Climb Trade Ladder** eliminates the need for the long ladder on the roof rack. Have you bashed the walls and doors of a house trying to carry a long ladder inside? Found the ladder you used too long or too short to fit through the ceiling manhole? Had your ladder stolen from the roof of your vehicle? The list goes on .... This ladder is easy to carry and fits inside the car boot.
